

**Kurumba Maldives' Veli Spa Revamps Services With New Spa Treatments**

Kurumba Maldives is delighted to announce the new Veli Spa menu, with a new design and new treatments.

In addition to the existing treatments – Maldivian, global and outdoor massages, scrubs & wraps, manicures & pedicures, facials and full body treatments, as well as Yoga and Wellness packages – the Veli Spa menu has expanded with the below treatments:

**Lumbo Theyo Dhemun** : this full body herb-infused oil massage has been developed to reduce stiff, tense muscles and is followed by a body wrap. The oils used to perform this treatment are part of a secret recipe developed by Maldivian healers alongside our Spa Manager Mrs. Aishath Zulfishan.

**Hilot nd Malay Fusion Massage** : this treatment focuses on ancient methods passed down through generations of Phillipino and Malay cultures, the techniques of which help improve the emotional, physical and spiritual well-being of guests. Warmed coconut or herbal oil are placed over the body with banana leaves to reduce tension, imbalances and blockages in the body.

Veli Spa's concept evolves around Maldivian treatments which are very successful, and in order to strengthen its ties to the Asian traditions, Veli Spa wishes to embrace these exciting new therapies in addition to existing offerings.
